Art Unit: 3722

1. A rejection based on double patenting of the "same invention" type finds its support in the language of 35 U.S.C. 101 which states that "whoever invents or discovers any new and useful process ... may obtain a patent therefor ..." (Emphasis added). Thus, the term "same invention," in this context, means an invention drawn to identical subject matter. See *Miller v. Eagle Mfg. Co.*, 151 U.S. 186 (1894); *In re Ockert*, 245 F.2d 467, 114 USPQ 330 (CCPA 1957); and *In re Vogel*, 422 F.2d 438, 164 USPQ 619 (CCPA 1970).

A statutory type (35 U.S.C. 101) double patenting rejection can be overcome by canceling or amending the conflicting claims so they are no longer coextensive in scope. The filing of a terminal disclaimer cannot overcome a double patenting rejection based upon 35 U.S.C. 101.

2. Claims 11 and 16 are rejected under 35 U.S.C. 101 as claiming the same invention as that of claims 1, 16, and 17 of prior U.S. Patent No. 6,712,565. This is a double patenting rejection. Patented claim 16 depends from claim 1 of the patent. The structure set forth in patented claims 1 and 16 is identical to the structure set forth in present claim 11. Claim 16 of the present application depends from claim 11, while claim 17 of the patent depends from claim 16 of the patent. It is noted that claim 16 of the present application sets forth the same structure as that of patented claim 17.

3. Claims 13-15, 17-19, and 21-30 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

4. Applicant's arguments with respect to claims 11, 13-19, and 21-30 have been considered but are moot in view of the new ground(s) of rejection.

5. Any inquiry concerning the content of this communication from the examiner should be directed to Daniel Howell, whose telephone number is 571-272-4478. The examiner's office hours are typically about 10 am until 6:30 pm, Monday through Friday. The examiner's supervisor, Andrea Wellington, may be reached at 571-272-4483.
